

GETTING STARTED ON

My T-DATA

A GUIDE FOR ADMINISTRATORS

What is My T-DATA?

My T-DATA is a web portal to administrate the access of the brand new **My Production** App to your units. You can setup and administrate app users and configure the individual access rights.

Step 1 - Set up your account

To get a My T-DATA access, please contact Trützschler Service (service@truetzschler.de).

Your contact details are required.

You will receive an e-mail to complete the registration process.

Step 2 – My T-DATA

Visit My T-DATA (mytdata.truetzschler.com) and login using your credentials.

All units associated to your account will be listed in a table.

Step 3 – App users

App users can download the My Production App in the [App Store](#), [Google Play](#) or [My Apps](#).

The following pages will list two opportunities to register new app users and associating them with your units.

Organized Registration

- Login to *My T-DATA*
- Switch to users menu
- Create new app users
- The app users will be notified via e-mail and set their password
- The app users can download the app and log in using their credentials

Self-Registration

- Login to *My T-DATA*
- Pass the unit code listed next to the units on to the app users
- The app users can download the app and register themselves
- You will be notified via e-mail and can accept/reject the app users in the users menu
- The app users will be notified via e-mail and can log in with their credentials if accepted

Self-Registration details

Pass the unit code listed next to the units on to the app users.
